<b>2026</b>		
2 <sup>nd</sup> Jan ( <b>Fri</b> )	New Year walk, Barry Buddon	St Andrews: 9.00 Monifieth: 9.45
* Precise details of some walks to be decided shortly before the walk, depending on the weather and the interests of those participating. It is also possible that where only one hill is listed, that the walk might be extended. Some walks may involve cycling in. Italics indicate shorter, more level walks.		
** Unless specified, times refer to departure from North Fife and could be either Cupar or the Tay Bridge. We car share, with petrol contributions (currently 20p/mile), to reduce costs and to reduce the club's impact on the planet.		
An email will be sent out in advance of the walk asking who is hoping to walk at the weekend, assuming a suitable weather forecast. All walkers need to respond by the end of Thursday to say whether they are wanting to walk. All members are expected to reply, whether or not they are wanting to walk, unless they have opted for a default position that they are not walking. Standardly, an email will be sent on Friday morning detailing the driving/pick up plan. This will not be changed except in extenuating circumstances (e.g. change of destination due to weather forecast). Any other arrangements are by private arrangement only. If you haven't replied by the end of Thursday deadline, you will be responsible for sorting out transport arrangements for yourself, either by contacting club members or travelling independently.
